HDRFS Data Analytics Research Internship

2025 Call for Faculty Project Proposals

This call for project proposals is open to any NSHE faculty member to request the support of an undergraduate student intern on a semester-long data analytics-focused research internship. Students can contribute their data analytics skills (Python, SQL, and/or database management) to support ongoing faculty research.
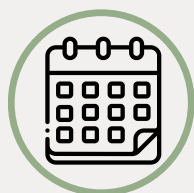

WHAT
Apply for a scholarship-funded research intern to support a research project

FUNDING
$4,000 for student scholarships and $750 for faculty materials and supplies

INTERNSHIP DATES
Spring Semester 2026

APPLICATION DEADLINE
Submit application by September 10, 2025 to Ilaria Vinci, ivinci@unr.edu
